All installations of headstones should be undertaken to National Association of Memorial Masons and British Register of Accredited Memorial Masons (BRAMM) Blue Book standards and as such include an earth anchor and foundations suitable for the ground conditions including any subsidence. Monumental Masons should ensure that in jointed memorials the joints can withstand the standard recommended inspection process.

Plot owners are reminded of the Rules and Regulations of the Cemetery and that only one headstone and a maximum of 2 vases is allowed per burial plot. No lights, artificial grass, no grave mounds, kerbs, railings, chippings or edgings of any kind are permitted. Ashes Plot owners are allowed one 9" x 9" x 2" memorial plaque and one vase per plot.
